**THE DISCIPLINARY BOARD OF THE SUPREME
COURT OF PENNSYLVANIA
ANNUAL ATTORNEY REGISTRATION**

The Disciplinary Board of the Supreme Court of Pennsylvania is pleased to announce the **annual attorney registration can be completed online beginning Monday, May 2, 2011.**

Attorneys will be able to register to be an e-filer using the court's automated online system. The online process also will allow a firm to register all its attorneys at one time and more efficiently than the previous paper-only method.

Attorneys registering online can use a debit or credit card for safe, convenient payment.

Registration packets for 2011 will be mailed in mid-May to all attorneys currently registered in Pennsylvania. Those attorneys who choose to register online this year will have the option to receive email notification next year rather than the full paper registration packet.

Pennsylvania Rules of Disciplinary Enforcement (Pa.R.D.E.) 219 and 502 and Pennsylvania Rule of Professional Conduct (Pa.R.P.C.) 1.15 provide that every attorney admitted to practice in any court of this Commonwealth shall file an annual registration statement and pay an annual fee for use of the Disciplinary Board, for use of the Pennsylvania Lawyers Fund for Client Security and for use of the Pennsylvania Interest on Lawyers Trust Account Board. A portion of the Disciplinary Board and PA Lawyers Fund fee is also used to fund Lawyers Concerned for Lawyers, a program to assist lawyers suffering from serious addictive illnesses.

"Online registration serves as another means to comply with the registration requirement in an efficient manner. Attorneys who comply with the registration requirement electronically need not also return the registration form mailed to them," said Joe Farrell, Executive Director of The Disciplinary Board.

"Pennsylvania's more than 80,000 active and inactive attorneys will have the opportunity to save time by register-

ing through the court's online Web portal. Online registration will eliminate registrations being filed with deficient information, ensuring fast, accurate registration. Additionally, firms with a large number of practicing attorneys will have the option of naming a proxy to file the entire firm's information, which will create a smoother process for the firm," Farrell said.

The link to the attorney registration system will be posted on the Home page of the Disciplinary Board's Web site at www.padisciplinaryboard.org as well as under the Attorney Information tab on the Web site. Questions regarding the online process may be directed to the Board at (717) 231-3380.

Online registration will be available beginning May 2, 2011. The deadline for registration is July 1. Late penalties may be assessed at any time after July 1. More information about the new online renewal option will be available in late April.

DANIEL PINHO, Plaintiff v. BARBARA PATE, Defendant*Preliminary Objections—Preliminary Injunction—Injunctive Relief—Reinstatement—Expulsion—LLC Member—Attorney’s Fees.*

Court grants Defendant’s preliminary objections and Plaintiff’s complaint is dismissed. Plaintiff and Defendant were equal-interest members of an LLC formed for the purpose of operating a tanning business. Plaintiff filed the complaint against Defendant after Defendant purportedly expelled Plaintiff for allegedly bad conduct. After the parties agreed to appoint a temporary receiver to oversee the LLC until it could be dissolved, Defendant filed preliminary objections to Plaintiff’s requests to be reinstated as an LLC member and awarded attorney’s fees. This Court held Plaintiff did not sufficiently demonstrate that, in order to protect his interests or the interests of the LLC, it was necessary for this Court to order injunctive relief in the form of reinstatement. Plaintiff also did not provide any statutory or contractual authority supporting his claimed right to attorney’s fees.

In the Court of Common Pleas of Northampton County, Pennsylvania,
Civil Division—Law, No. C-48-CV-2010-6085.

MICHAEL C. DESCHLER, ESQUIRE, for the Plaintiff.

GERARD M. MCCABE, ESQUIRE, for the Defendant.

Order of the Court entered on September 22, 2010 by BARATTA, J.

ORDER

AND NOW, this 22nd day of September, 2010, upon consideration of Defendant’s Preliminary Objections and Plaintiff’s response thereto, it is hereby ORDERED that Defendant’s Preliminary Objections are GRANTED and Plaintiff’s complaint is dismissed. The Plaintiff is given twenty (20) days from the date of this Order to file an amended pleading.

*STATEMENT OF REASONS**Factual and Procedural History*

Plaintiff, Daniel Pinho, and Defendant, Barbara Pate, executed an Operating Agreement (the “Agreement”) to govern their operation of California Tan, LLC (the “LLC”) on May 31, 2007. After a certificate of organization was filed with the Secretary of State on June 12, 2007, the Agreement was modified on June 25, 2007. The Agreement outlined the roles and responsibilities of the parties as well as what each party invested in the LLC. Mr. Pinho and Ms. Pate each had a 50% ownership interest in the LLC. The Agreement also detailed procedures for how members could be dissociated from the LLC in Article 7. The expulsion provision of Article 7.2 explains that a vote by “Members holding a majority of the Ownership Interests held by Members other than the expelled Member” may

expel a Member if the Member engages in some type of wrongful conduct.¹ California Tan opened for business in November 2007.

Serious disagreements arose between Plaintiff and Defendant on or about April 1, 2010. The conflict escalated to the point that Defendant wrote a letter to Plaintiff on June 4, 2010, purporting to expel him from membership in the LLC. The situation continued to deteriorate until June 14, 2010, when Plaintiff filed a Complaint against Defendant alleging she wrongfully expelled Plaintiff from the LLC. Plaintiff sought in Count I the appointment of a temporary receiver until the LLC was dissolved to oversee the liquidation and distribution of the LLC's assets and attorney's fees. In Count II Plaintiff asked this Court to reinstate Plaintiff as a Member of the LLC and enjoin Defendant from expelling Plaintiff because expulsion would cause irreparable harm to both the LLC and Plaintiff's reputation in the tanning industry. Additionally, Plaintiff sought Preliminary Injunctive relief on the same grounds outlined in the Complaint.

Defendant filed a Response to the Complaint and Preliminary Injunction Petition on June 29, 2010. Defendant agreed to the appointment of a temporary receiver to oversee the distribution and liquidation of the LLC's assets as the LLC would be dissolved. However, she opposed Plaintiff's petition for Preliminary Injunction on Count II and filed two Preliminary Objections. She objected to the demand for counsel fees in Count I and all of Plaintiff's demands in Count II. The Hon. Paula A. Roscioli issued a Preliminary Injunction Order on July 1, 2010, appointing a temporary receiver to liquidate the assets of the LLC, pay its debts, dissolve the LLC, and distribute the remaining proceeds in equal amounts to Defendant and Plaintiff. Her order effectively disposed of all of Plaintiff's demands in Count I except his demand for attorney's fees.

Defendant's Preliminary Objections to Plaintiff's demand for attorney's fees in Count I and Count II in its entirety are presently before this Court. The matter was set for the September 7, 2010 Argument List and counsel for both parties presented oral argument. Defendant's Memorandum of Law in support of her Preliminary Objections was filed June 29, 2010.

¹ 7.2 *Expulsion*. A Member may be expelled from the Company by an affirmative vote of the Members holding a majority of the Ownership Interests held by Members other than the expelled Member if the expelled Member has been guilty of wrongful conduct that adversely and materially affects the business or affairs of the Company, or the expelled Member has willfully or persistently committed a material breach of the articles of organization of the Company or this Agreement or has otherwise breached a duty owed to the Company or to the other Members to the extent that it is not reasonably practicable to carry on the business or affairs of the Company with that Member. The right to expel a Member under the provisions of this section does not limit or adversely affect any right or power of the Company or the other Members to recover any damages from the expelled Member or to pursue other remedies permitted under applicable law or in equity. In addition to any other remedies, the Company or the other Members may offset any such damages against any amounts otherwise distributable or payable to the expelled Member.

Plaintiff filed his Brief Opposing Defendant's Preliminary Objections on September 3, 2010.

Standard of Law

In ruling on preliminary objections in the nature of a demurrer, the trial court may consider no testimony or evidence outside of the complaint. *Mellon Bank, N.A. v. Fabinyi*, 437 Pa. Super. 559, 567, 650 A.2d 895, 899 (1994). All well-pleaded, material, relevant facts, along with all reasonable inferences therefrom, must be taken as true; *i.e.*, the court may not consider the factual merits of the claims. *In re Adoption of S.P.T.*, 783 A.2d 779, 782 (Pa. Super. 2001). In order to grant a demurrer, it must be certain from the face of the complaint that the claims will not support recovery under any legal theory. *Mellon Bank*, *supra* at 567-68, 650 A.2d at 899; *Eckell v. Wilson*, 409 Pa. Super. 132, 135, 597 A.2d 696, 697-98 (1991), *appeal denied*, 530 Pa. 643, 607 A.2d 253 (1992).

Preliminary objections, whose end result would be the dismissal of a cause of action, should be sustained only where "it is clear and free from doubt from all the facts pleaded that the pleader will be unable to prove facts legally sufficient to establish [its] right to relief." *Bourke v. Kazaras*, 746 A.2d 642, 643 (Pa. Super. 2000) (citation omitted). Moreover, it is essential that the face of the complaint indicate that its claims may not be sustained and that the law will not permit recovery. If there is any doubt, it should be resolved by the overruling of the demurrer. *Bailey v. Storlazzi*, 729 A.2d 1206, 1211 (Pa. Super. 1999).

Discussion

In reviewing a motion for a preliminary injunction, we must determine whether the Plaintiffs have satisfied their burden to establish five elements. Those elements are: 1. that the injunction is necessary to prevent immediate and irreparable harm which could not be compensated by damages; 2. that greater injury would result by refusing the injunction than by granting it; 3. that the injunction will restore the parties to the status quo as it existed immediately before the alleged wrongful conduct; 4. that the alleged wrong is manifest and the injunction is reasonably suited to abate it; and 5. that the plaintiff's right to relief is clear. *Cappiello v. Duca*, 449 Pa. Super. 100, 105, 672 A.2d 1373, 1376 (1996) (citing *Lewis v. City of Harrisburg*, 158 Pa. Commonwealth Ct. 318, 324, 631 A.2d 807, 810 (1993)). A preliminary injunction is an extraordinary remedy and should be granted only upon a clear right to relief in order to preserve the status quo while the merits of the dispute are resolved. *DiLucente Corporation v. Pennsylvania Roofing Co., Inc.*, 440 Pa. Super. 450, 454, 655 A.2d 1035, 1037 (1995).

Injunctive relief is proper where the harm is "not subject to exact valuation and compensation through damage awards." *Pestco Inc. v. As-*

sociated Products, Inc., 880 A.2d 700, 710 (Pa. Super. 2005). A party petitioning for a permanent injunction must establish his clear right to relief. *Buffalo Township v. Jones*, 571 Pa. 637, 813 A.2d 659, 663 (2002). A permanent injunction may be issued if it is necessary to prevent a legal wrong for which there is no adequate remedy at law. *Id.*

Defendant made two Preliminary Objections to Plaintiff's complaint and in response to Plaintiff's Motion for Preliminary Injunctive Relief.

1. Injunctive Relief Is Not Proper To Redress Plaintiff's Alleged Injury in Count II

Plaintiff argues this Court should issue an injunction reinstating him as a Member because the LLC and his membership interest will be damaged unless he is reinstated. Plaintiff also alleges his reputation in the tanning industry will be damaged unless this Court orders his reinstatement. At this time, however, circumstances devolved to the point where the LLC is presently being dissolved by a temporary receiver. Both Plaintiff and Defendant agree the LLC must be dissolved as evidenced by the July 1, 2010 Order of this Court. Reinstatement of Plaintiff as a Member will not prevent any damage to the LLC because it is already beyond repair. The receiver is running the LLC's operations, not the Members, therefore Plaintiff's reinstatement would have no effect on the operation of the LLC.

Moreover, reinstatement of Plaintiff as a Member will do nothing to protect his or Defendant's membership interests. As discussed above, the LLC is being dissolved. Plaintiff and Defendant will be entitled to a payment of their remaining interest in the LLC pursuant to Article 8 of the Agreement after the dissolution process is complete. Under the Agreement, a Member does not receive preference in payment over a dissociated Member or former Member. Any proceeds available to the Members after dissolution is completed will be given to Plaintiff and Defendant in equal amounts pursuant to the Agreement.

Reinstatement of Plaintiff would not stop the dissolution. According to Article 7.3, the LLC "will dissolve upon the earliest of: (a) the ... expulsion ... of any Member [or] (b) approval of a dissolution of the Company by unanimous consent of the Members." Even if we found that Defendant could not expel Plaintiff and we reinstate Plaintiff as a Member, the LLC would still be dissolved by unanimous consent of the Members and both parties would still be entitled to distributions pursuant to Article 8 of the Agreement.

With regard to Plaintiff's claim that he must be reinstated to avoid damage to his reputation in the tanning industry, there is an adequate remedy at law for those alleged damages. Plaintiff can pursue a defamation claim against Defendant if he fears she unlawfully maligned him and harmed his reputation in the tanning industry. It is also clear a preliminary injunction is not proper. Plaintiff has not provided any evidence of how expulsion

will harm his reputation in the tanning industry. Because the LLC is currently being dissolved, this Court cannot conclude there is any imminent and irreparable harm to Plaintiff's reputation being caused as a result of Plaintiff's expulsion as a Member. Plaintiff's property interests and rights are being protected by the temporary receiver in the dissolution process. Reinstatement will not provide any relief to Plaintiff by way of a preliminary injunction or permanent injunction.

Plaintiff's counsel cites the case of *Blenko v. Schmeltz* 362 Pa. 365, 67 A.2d 99 (1949) from our Supreme Court as an example of when this Court may override the strong policy against reinstating members expelled according to an unincorporated association's procedures. In *Blenko*, the plaintiff, an attorney, was granted a preliminary injunction because the Patent Law Association of Pittsburgh forced the plaintiff to either resign from all bars of which he was a member or have the association initiate disciplinary action against the plaintiff for alleged "unprofessional conduct." *Id.* at 368, 67 A.2d at 100-101. The court reinstated the plaintiff because the association bypassed grievance procedures that should have been followed and the plaintiff's livelihood was imperiled because of the association's board action. *Id.* at 373, 67 A.2d at 103-104.

Here, Plaintiff's livelihood is hardly at risk as a result of Defendant's actions. On the contrary, Plaintiff requested the dissolution of the LLC in his complaint and the LLC is being dissolved by agreement of both parties. The LLC is not being dissolved because Plaintiff was expelled. It was clear in *Blenko* that unless the court intervened, the plaintiff would be unable to continue practicing law due to the unjust actions of the association board. Plaintiff here merely makes bald claims that his reputation would be adversely affected unless he is reinstated as a member of the LLC. There is nothing in Plaintiff's complaint alleging his expulsion would damage his reputation to the point that he would be unable to run a tanning salon ever again in Northampton County or anywhere else. Even if we find that Defendant's act of expulsion was unjust, reinstatement is not the proper remedy for Plaintiff's claimed reputational injury. Plaintiff's Complaint does not show that preliminary or permanent injunctive relief is necessary to protect his reputation or interest in the LLC.

2. Plaintiff Is Not Entitled to Counsel Fees in Count I Because He Has No Statutory or Contractual Right to Counsel Fees

Plaintiff cites Article 11.4 of the Agreement to support his argument that he should be awarded counsel fees. That provision allows the prevailing party in a legal proceeding "commenced for the purpose of interpreting or enforcing any provision of this Agreement ... to recover a reasonable attorney's fee in such proceeding." The Agreement did not provide a way for a Member to unilaterally dissolve the LLC. Plaintiff asked this court in his Complaint and request for Preliminary Injunction to dissolve the LLC

without the consent of Defendant. The court ordered the dissolution of the LLC and appointment of a temporary receiver only after both parties agreed to the LLC's dissolution.

In a similar case, the Superior Court reversed a trial court decision directing an employee to pay counsel fees pursuant to a contractual provision allowing the employer to recover counsel fees if it prevails in an action under the employment agreement. *Profit Wize Marketing v. Wiest*, 812 A.2d 1270 (Pa. Super. 2002). During the hearing on the employee's motion for preliminary injunction, the parties informed the trial court they settled their dispute and entered into a settlement agreement. *Id.* at 1272. However, the trial court afterwards awarded counsel fees to the employer because it prevailed on part of its claim. *Id.* at 1273. The Superior Court reversed, stating that the employer did not prevail, and therefore was not entitled to counsel fees, because the "lower court never reached the merits of the case or vindicated [the employer's] position." *Id.* at 1275.

Similarly, Plaintiff did not prevail when this Court ordered the appointment of a temporary receiver on July 1, 2010. The parties reached an agreement with respect to the appointment of a temporary receiver, but this Court never addressed the merits of Plaintiff's attempted unilateral dissolution. Additionally, Plaintiff did not prevail on Count II, the only count that actually sought to enforce or interpret a provision of the Agreement. Plaintiff did not meet the requirements in 11.4 of the Agreement to collect reasonable attorney's fees.

As a result, we grant both of Defendant's preliminary objections and dismiss Plaintiff's complaint.

Exceptions—Board of View—Private Road—Necessity—Courses and Distances—Oath of Office—Signatures—Remand.

Court grants two of Defendants' exceptions to a Board of View Report and dismisses the remaining exceptions. A Board of View found a private road was necessary to connect Plaintiffs' landlocked property to the nearest public road and that such road would be located on Defendants' property. The Board issued a report detailing its findings, and Defendants filed an appeal of the report which this Court treated as exceptions.

This Court held the failure to provide a stenographic record of the Board of View proceedings did not justify a rejection of the report. The Board of View is the finder of fact in cases involving the opening of a private road, and its report is the primary factual record in any appeal of the report. The Board's report must show the board considered several factors that led to the decision to place a road in a particular location, including the petitioner's requested location, the best ground, shortest distance, and least injury to private property. However, the report need not explicitly mention it considered those factors.

The report was defective because only one of the three members of the Board of View signed the report, and the courses and distances of the proposed road were not included in the report or on the attached map. This Court remanded the report to the Board of View and directed it to correct those deficiencies and file an amended report.

Order of the Court entered on October 29, 2010 by BARATTA, J.

ORDER

AND NOW, this 29th day of October, 2010, upon consideration of Defendants' Exceptions to the Report of the Board of View, it is hereby ORDERED:

1. Defendants' exception to the filing of the Report of the Board of View signed by less than a majority of the Board is GRANTED.

2. Defendants' exception regarding the insufficiency of the attached draft and lack of a metes and bounds description of the proposed road is GRANTED.

3. The remaining exceptions are DISMISSED.

It is further ORDERED that this matter be remanded to the Board of View and that the Board is directed to provide an accurate metes and bounds (course and distance) description of the proposed road in an Amended Board of View Report; or, in the alternative, obtain a formal engineering survey of the proposed road and attach a copy of the survey to an Amended Board of View Report. We further direct that the viewers who agree with the Amended Report must sign and date the Amended Report.

STATEMENT OF REASONS

Statement of Facts and Procedural History

Defendants George C. Ott and Hazel Ott, Trustees of the Ott Family Trust, George C. Ott, Jr., and Donna K. Ott, filed an appeal on March 29, 2010, to the Board of View Report filed March 5, 2010. Defendant Betty B. Pysher, through the executors of her estate, filed an appeal to the same Report on April 5, 2010. Plaintiffs, Donald J. Sleight and Lisa M. Sleight, filed an Answer to Defendant Otts' appeal on April 20, 2010, and to Defendant Pysher's appeal on April 23, 2010. On July 9, 2010, the Hon. Anthony S. Beltrami issued an order, after a hearing, treating the appeals by both Defendants as Exceptions and staying the pending Board hearing on damages until the Exceptions were resolved. Briefs were filed by Plaintiffs and both Defendants in support of their respective positions. In addition, the Northampton County Farmland Preservation Board filed a brief in opposition to the Exceptions raised by both Defendants on August 24, 2010. The matter was set for the September 7, 2010 Argument List, and oral argument by counsel for all four parties was heard.

Both Defendants contended in their briefs and at oral argument that the Board of View did not develop a factual record in this case because the Board did not have its proceedings recorded and transcribed. Defendants did not provide a detailed Statement of Facts in their briefs and chose to rely only on the Report of the Board and docket entries for the factual record. From the records filed with this Court, we can glean the following factual summary.

Plaintiffs filed a private road action on September 8, 2006, seeking the appointment of a Board of View (Board) to determine the necessity of a private road from their landlocked parcel to the nearest public road in Bangor, PA. This Court appointed a Board on September 8, 2006, consisting of Robert Recker, Chairman Steven Molder, Esq., and John Anthony. On November 11, 2006, this Court replaced John Anthony with Bela Persa. James S. Tupitza, Esq., attorney for Plaintiffs, filed an amended petition for a jury of view on March 21, 2007. This Court issued another order on

May 2, 2007, replacing John Anthony as a member of the Board with Mark Parseghian. We understand that the Board consisted of three members from this point forward: Mr. Molder, Mr. Recker, and Mr. Parseghian.

The Board's first view of the Sleight property occurred on December 12, 2006, after notice to the parties. The report states that "Mr. George Ott and various parties and representatives of the parties" were in attendance. *See* Report of Board of View (March 5, 2010) ¶3. A second view took place on April 29, 2008. "All counsel and parties were notified" and "various parties and representatives were in attendance." *See* Report of Board of View (March 5, 2010) ¶¶5, 6 and 7. After the second view, the Board held a hearing on April 22, 2009. Notice was provided to all parties. Those present at the hearing included "Attorney David J. Ceraul representing and accompanied by George C. Ott." *See* Report of Board of View (March 5, 2010) ¶¶9 and 10. Apparently, neither the Board nor any party provided a court reporter to transcribe the proceeding. Thus, no record was made of the hearing for our review. However, the Report notes that "[a]ll parties who intended to testify and the Viewers were sworn in." Report of Board of Viewers (March 5, 2010) ¶11. After that hearing, Attorney Molder wrote a letter to the parties, dated May 14, 2009, in which Mr. Molder announced that the Board determined that there is "a need for a private road," and he provided a general description of the road by setting forth the property lines along which the road was to run. However, his letter directed the petitioners to submit a "Plot Plan to the Board ... after which all parties shall be given the opportunity to retain engineers and appraisers as may be needed in preparation for the next and I believe final Board of View Hearing. ... After the Hearing the Board will issue its final formal findings with regard to the width of the road and the value."¹

On March 5, 2010, a 15-paragraph Report of the Board of View (Report) was filed with this Court. The Report was actually undated, but bears the date of March 5, 2010, on the Prothonotary's stamp. Attached to the Report was a copy of a portion of a Northampton County Tax Map depicting the lots in question. (The Tax Map is referenced as "County #1"). The Tax Map is not an accurate metes and bounds survey of the properties. It is merely a sketch of the property boundaries done by an employee of the Northampton County Tax Assessment Office. There is a line drawn on the Tax Map, with what appears to have been a yellow "highlighter," indicating the course of the proposed private road along the borders of lots designated as G11-5-3, G11-5-4, G10-7-8, G10-7-8 and G10-7-2 and stopping at a road identified only as "Delaware."² The Report was signed only by the Chairman of the Board, Steven Molder, Esq.

¹ The letter was not filed with the prothonotary, however, Mr. Molder's letter can be located as Exhibit "A" attached to Plaintiff's Answer to Defendants' Appeal.

² The yellow line may touch the Northwest corner of G10-7-8A as well, however, it is not clear from this Exhibit that the road encumbers this lot.

Defendants Ott and Pysher each filed an appeal of the Report. Both Defendants averred eight different grounds of appeal, and Defendant Pysher listed two additional grounds of appeal.

Legal Standard

Generally, the determination of the necessity of a proposed road is exclusively for the viewers, and the court has no jurisdiction to adjudicate any exceptions regarding the utility or necessity of the road. *See Ohio & Ross Tp. Road*, 166 Pa. 132, 31 A. 74 (1895). *See also, In re Private Road in East Rockhill Township, Bucks County, Pennsylvania*, 165 Pa. Commonwealth Ct. 240, 248, 645 A.2d 313, 317 (1994), *appeal denied*, 539 Pa. 698, 653 A.2d 1235 (1994) (stating the “determination of the necessity for a road is ordinarily a factual matter determined by a viewing of the property and hearings, if necessary, by the Board”). A board of viewers enjoys broad discretion in determining whether a private road is necessary. *In re Packard*, 926 A.2d 557 (Pa. Cmwlth. 2007). The trial court’s review of a finding of necessity by a board of view is limited to determining the validity of the board’s jurisdiction, the regularity of the proceedings, questions of law, and whether the board abused its discretion. *In re: Laying Out and Opening a Private Road in Sullivan Township, Tioga County*, 964 A.2d 495 (Pa. Cmwlth. 2009). When the process of opening a private road is bifurcated into two distinct proceedings, one to determine necessity and a second to determine damages, “the trial court is required to determine all legal issues involved in the proceeding to take another’s land for private use before the damages to be paid can be assessed.” *Driver v. Temple*, 374 Pa. Super. 389, 393, 543 A.2d 134, 136 (1988).

Discussion

For convenience sake, we have restated the Defendants’ exceptions in numerical order. Both Defendants filed Exceptions identified as one through eight to the Board of View Report (Report). Defendant Pysher filed Exceptions nine and ten. The Exceptions are listed as follows:

(1) The proceedings of the Board of View failed to provide the parties with due process of law, proper notice of proceedings, regularity of proceedings, stenographic transcript of proceedings, and an opportunity to be heard in an appropriate forum consistent with constitutional protections under the Constitution of the United States and the Constitution of the Commonwealth of Pennsylvania.

(2) Proper personal notice was not provided to the owner of the property in question, such as would justify confirmation of the Report.

(3) The Report of the Viewers failed to identify the precise location of the proposed road, the breadth thereof, a metes and

bounds description thereof, nor did it provide detail with any particularity for the justification for the reasonable necessity of the location determined by the Board.

(4) The Report of the Board of View failed to consider the impact of a road across agricultural cultivation, and the record is unclear as to what, if any, ‘farm preservation land area’ was being protected. The details of elevation, best ground, least injury, and request of Plaintiffs in the Report reflected mere generic references and conclusory statements without any specific finding of fact, detailed analyses, elevation or use analyses, or the shortest distance to a public road.

(5) The Board of View failed to comply with the statutory requirements for the opening of private roads, as a matter of law, and as a matter of procedure.

(6) The Report of the Board of View was not signed by a majority of the members of the Board of View, and was in fact only signed by the Chairman, without any indication of a majority vote, joinder or dissent of other members of the Board of View. Although the Report was docketed on March 5, 2010, it is undated.

(7) In the absence of specific findings of fact or conclusions of law, Appellants assert that the generic conclusions are insufficient as a matter of law to support the opening of a private road over the lands of Appellants.

(8) Appellant demands a jury trial pursuant to 26 Pa. C.S.A. §516.

(9) During the course of the Board of View proceedings, the Viewers were advised that the registered owner in fee simple of the property in question was in ill health and was unable to participate in the proceedings, but the Board of View declined to delay their proceedings.

(10) The Board of View failed to properly consider alternate routes for the proposed private road, which would have avoided a taking of any portion of the Appellant Pysher’s property.

A. Exceptions 1-2, 4-5, 7-10

Defendants first argue generally that their due process rights were violated by the Board, particularly because the proceedings of the Board were not transcribed. The process by which a private road is opened is outlined in Title 36 P.S. §1 *et seq.* More specifically, the Court is authorized, after having been petitioned to open a proposed road, to appoint three qualified persons as viewers. *See* 36 P.S. §1781. Further, with respect to a petition to open a private road, the trial court “shall ... direct a view to be had of the place where such road is requested, and a report thereof to be

made.” 36 P.S. §2731. The statutory law controlling the process of opening a private road does not require a board of view to hold any hearings before issuing a report. *See In Re: Private Road of N.M. Brubaker in Buffalo Township, Union County*, 23 Pa. Commonwealth Ct. 418, 421 n.2, 352 A.2d 566, 567 n.2 (1976) (affirming the trial court’s confirmation of a Board of View Report widening a private road). The Commonwealth Court further stated “evidence proffered at the site view alone is sufficient to support the viewers’ report.” *Id.* at 422, 352 A.2d at 566.

The procedure a board of view must follow to open a private road is clear. The board must hold a view of the site, determine if a private road is necessary and produce a report complying with 36 P.S. §1831 detailing its findings. The view of the site is the only opportunity to be heard Defendants are guaranteed by statute. It is well-settled that this process in the Private Road Act, 36 P.S. 2731-2891, *et seq.*, is constitutional. *See Appeal of Palairot*, 3 Leg. Gaz. 169, 67 Pa. 479 (1871); *Private Road in East Rockhill Township*, *supra* at 248, 645 A.2d at 316-17; *In re Dickinson Township Road*, 23 Pa. Super. 34 (1903). The board is allowed to hold hearings to supplement their findings of the site view if it determines such hearings are necessary. Hearings in addition to the site view are not required. *See Private Road in East Rockhill Township*, *supra*.

Additionally, Defendants cannot succeed on their claim that this Court cannot confirm the Report because there was no transcript of the proceedings. A board of view is not required to “reduce to writing the evidence adduced before them and to return the same with their report.” *In re Walnut St.*, 24 Pa. Super. 114, 116 (1904). Because the trial court is limited solely to confirming or rejecting the report of the board of view, the report itself suffices as our factual record. The Superior Court explained in detail how the site view satisfies constitutional due process requirements without the need for a transcribed record:

Board of View proceedings are frequently conducted on a very informal basis. There appears to be no statutory requirement that witnesses heard by the board be sworn or affirmed. The first meeting of a board of view for laying out or widening a road is usually held at or near one of the termini of said proposed or existing road in order to view the ground. ... It is frequently to the advantage of all parties concerned to conduct the road hearings on the ground or nearby, unless a local court rule otherwise prescribes. *Ordinarily, in cases of this character, the most valuable evidence can be obtained while the view is being made. At that time, the petitioners can best show what purpose the proposed road is to serve, and, likewise, those opposed can best point out their objections. The sense of sight frequently gathers evidence of more weight than the sense of hearing. The viewers are restrained to no particular species*

of evidence, and may resort to any source of information which they may think proper; even the evidence of their senses.:’

Private Road of Brubaker, supra at 421-22 (citations omitted) (emphasis in original). The Board in this case properly held a site view and issued a report considering evidence presented at the site view and subsequent hearing. Board of view proceedings are not required to be transcribed. We therefore deny Defendants’ first exception to the report.

Defendants’ second exception alleges they were not given proper personal notice of the site view and subsequent hearing. Personal notice to the landowner of the view is required when a private road is proposed to pass through the land of another. *Neeld’s Road*, 1 Pa. 353 (1845); *Redstone Township Private Road*, 5 A. 383 (Pa. 1886). Generally, a property owner who attends a view, either in person or by counsel, waives his right to object because of lack of notice and cannot then complain on the ground of lack of notice or defective notice of the view. *App’s Tavern Road*, 17 S&R 388 (Pa. 1828); *Private Road of Brubaker*, supra. A trial court may refer a report back to the board of view to correct a failure to state that personal notice of the meeting was given to the landowner. *Thompson’s Private Road*, 25 A. 814 (Pa. 1893).

In their respective appeals, both Defendants aver they were not properly notified of the site view or subsequent hearings. However, Defendant Pysher admits in its brief that Betty Pysher, the landowner of one affected parcel, did in fact receive notice of the proceedings.³ The Ott Defendants state that there is no record they received notice of the site view or hearings, therefore it is impossible to determine whether proper personal notice was given.

Both Defendants misunderstand the purpose of the Report. The Board is the finder of fact for the determination of the necessity of a private road and the location for that road. The Report is a record of the Board’s findings of fact. The notice requirement is satisfied if the Report states personal notice was given to the landowners of the view and hearings. We further note that the Report states in Paragraph 6 that the parties and counsel were notified of the view held on April 29, 2008. Additionally, the Report recites the members of the Board and parties, or their counsel, who attended the view and subsequent hearing. The record establishes that proper notice was given to the parties. Further, we note that although Betty Pysher did not appear for the view, Defendant Pysher admits receiving proper notice of the proceedings. We also note that George Ott appeared at the first view and that Mr. Ott, with Counsel, appeared at the second view and the hear-

³ On page 3 of their Brief, Defendant Pysher states: “... while it is true that Betty Pysher did have notice of proceedings as asserted in the Report of the Board of View, Betty Pysher was dying of cancer at the time of the proceedings involving the Pysher property took place, and the Board of View elected to proceed with a hearing despite having been notified that Ms. Pysher was too sick to participate.”

ing. Mr. Ott's attendance constitutes a waiver of the claim based on improper notice. We deny this exception.

The fourth, seventh, and tenth Exceptions raise essentially the same issue: the Report did not provide specific findings of fact to support its decision for the necessity and location of the road. The report must comply with the requirements of 36 P.S. §1831.⁴ When considering the location of a road, the board must consider the shortest distance, best ground, least injury to private property, and the desire of the petitioners. *See* 36 P.S. §1785. The board of view need not make specific findings as to the factors listed in 36 P.S. §1785 as long as it is apparent from the report that the board considered those factors in its decision. *In re Laying Out and Opening Private Road in Sullivan Tp., Tioga County*, *supra*, 964 A.2d at 501.

While the bald assertion in paragraph 16 of the Report that the Board considered the four factors in §1785 alone might not be sufficient, it is clear from our reading of the Report the Board considered all four factors in its decision. Directly addressing the tenth exception brought by Defendant Pysher, the Board stated in paragraph 13 it considered alternate routes that would not have impacted the Pysher property. The Board considered the least injury to the affected properties and the best ground for the road in paragraph 15 by locating the proposed road along the border of the affected properties. Additionally, paragraph 13 states the Board found Plaintiffs' proposed road through the Fox property had a more severe elevation change than the Board's proposed road through Defendants' property, showing that the Board considered the shortest distance through the Fox property as proposed by Plaintiffs, but rejected that proposal because of the severe elevation. The Board also considered and concluded that the proposed road would not impact any farm preservation area. However, there is no requirement that the Board even consider the impact on farm preservation area, and therefore no exception can be sustained because the Report failed to specify what farmland preservation area was preserved. It is clear from the Report that the Board considered all four §1785 factors when determining the location of the road. The fourth, seventh and tenth exceptions are dismissed.

⁴ The text of 36 P.S. §1831 states:

The viewers as aforesaid, shall make report at the next term of the said court, and in the said report shall state particularly: first, who of them were present at the view; second, whether they were severally sworn or affirmed; third, whether the road desired be necessary for a public or private road; they shall also annex and return to the court a plot or draft thereof, stating the courses and distances, and noting briefly the improvements through which it may pass, and whenever practicable, the viewers shall lay out the said roads at an elevation not exceeding five degrees, except at the crossing of ravines and streams, where by moderate filling and bridging, the declination of the road may be preserved within that limit.

The eighth exception demands a jury trial pursuant to 26 Pa. C.S.A. §516 under the Eminent Domain Code. Defendants are not entitled to a jury trial for the determination of the necessity of a private road. The Pennsylvania legislature has provided a statutory scheme governing public and private roads that is wholly independent of the Eminent Domain Code. The right to a jury trial to determine the necessity for a private road is not provided by statute. *Mattei v. Huray*, 54 Pa. Commonwealth Ct. 561, 565, 422 A.2d 899, 901 (1980). The proceedings to determine the necessity of a private road across another's land and the subsequent proceedings to determine damages are distinct proceedings. *Mandrachia v. Stoney Creek Real Estate Corp.*, 133 Pa. Commonwealth Ct. 510, 576 A.2d 1181 (1990). A person whose land was taken for a private road is entitled to a jury trial solely on the issue of damages and not on the issue of necessity. *In re Brinker*, 683 A.2d 966 (Pa. Cmwlth. 1996). We dismiss Defendants' eighth exception.

Defendant Pysher averred a ninth exception to the Board's decision not to delay the proceedings because of the record owner's ill health. This exception was articulated as follows:

C. During the course of the Board of View proceedings, the Viewers were advised that the registered owner in fee simple of the property in question was in ill health and was unable to participate in the proceedings, but the Board of View declined to delay their proceedings.

Pysher Appeal Paragraph 3.C.

The Pysher Brief contains only a one-sentence reference addressing this exception;

Finally, there is no indication why the Board of View felt it was necessary to proceed with a hearing with respect to the Pysher property after having been informed that Mrs. Pysher was too ill to participate in the proceedings, and without offering any postponement which would have allowed her family to arrange for representation protection for their mother, thereby depriving an affected property owner of due process.

Pysher Brief page 4.

The record is unclear as to whether Ms. Pysher attended the April 29, 2008 site view, as the Report indicates that "various parties and representatives were in attendance." Additionally, the exceptions and the Brief do not raise a claim that the site views were held without Ms. Pysher's participation. The Report apparently lists by name all individuals who appeared at the April 22, 2009 hearing. No one bearing a Pysher last name is referenced. The Brief raises the limited complaint that after the Board was informed that Mrs. Pysher was ill, the Board held the April 22, 2009 hearing "without offering any postponement." However, there is no assertion that a continuance was requested as a result of Ms. Pysher's illness. According

to the Pysher Brief, the Board was merely informed that Ms. Pysher was ill. *There was no indication in any filing that any party requested a continuance.* The Board, without being presented with a request for a continuance, held the scheduled hearing after proper notice to all parties. With no motion for a continuance made to the Board by any party, we are at a loss as to how Defendant Pysher can logically assert that the Board abused its discretion by not granting a continuance that was never requested. We dismiss the ninth exception.

Lastly, Defendants' fifth exception is a general claim the Board failed to comply with the statutory requirements for opening a private road. This exception is an overly broad and general complaint, which was never specifically developed in the exceptions or the briefs, therefore we find that it has been waived.

Finally, Defendants Otts' brief raises one additional issue that was not asserted in his Appeal filing: the Report does not state whether the viewers were sworn or affirmed prior to the view. *See* 36 P.S. §1784.

Our research indicates that "reviewing road commissioners" are not required to be specially sworn, their general oath of office is sufficient. *In re Pike Township Road*, 30 Pa. Super. 644 (1906). The duties of a reviewing road commissioner is similar to those of a board of viewer.

In Northampton County, there is a pool of qualified viewers who are assigned to private road cases as they arise. All qualified viewers in the pool take an oath of office valid for three years. In this case, the viewers similarly took such an oath of office prior to the 2008 site view; their affidavits are filed with the prothonotary's office. We have recovered those oaths from the prothonotary's office and have attached them to this opinion. We are satisfied the affidavits for all three viewers filed prior to selection as a viewer in this case satisfies the oath requirement of §1784. In addition, we note that the site view is not a record proceeding in which the participants are required to be sworn. With regard to the April 22, 2009, hearing, Paragraph 11 of the Report of the Board of View states all parties who intended to testify, and the viewers, were sworn. Therefore, Defendants' exception based on the alleged failure of the viewers to be sworn is dismissed.

Exceptions 1, 2, 4, 5, 7, 8, 9, and 10 are dismissed.

B. Exceptions 3 and 6

Defendants' third exception sets forth that the Report of the Viewers failed to identify the precise location of the proposed road, the breadth thereof, a metes and bounds description, nor did it provide detail with any particularity for the justification for the reasonable necessity of the location determined by the Board.

This exception is partially sustained because the Report did not precisely identify the location of the road in either the Report or draft. However, the exception is denied regarding the omission of the "breadth" of the

proposed road in the report and the justification for the necessity of the location.

A board of view is required to state the “courses and distances” of the proposed road in its report. *See* 36 P.S. §1831. A report is fatally defective if it does not list the courses and distances of the proposed road or if there is no plot or draft of the road attached to the report. *In re Private Road, Cogan Township, Lycoming County*, 684 A.2d 237 (Pa. Cmwlth. 1996). The report and draft must be considered together because the draft is part of the report; any omissions or defects in one may be supplied and explained by reference to the other. *See South Abington Township Road*, 109 Pa. 118 (1885). The road must be described with sufficient particularity to allow the supervisors to locate and open the road with absolute certainty. *Stowe Township Road*, 20 Pa. Super. 404 (1902). One applying for a view to open a private road must pay for a survey of the road if the road has not previously been surveyed. *See* 36 P.S. §1855; *In re Private Road, Cogan Township*, *supra*, 684 A.2d at 240. Once the survey is done by the petitioner for the proposed road, “the Board need only annex it to the Board’s report and then return the amended report to the Common Pleas in order to satisfy [18 P.S. §1831].” *In re Private Road, Cogan Township*, *supra*, 684 A.2d at 241.

The trial court shall determine the breadth of the road if the report of viewers find such a road is necessary. 36 P.S. §2732. The board of viewers does not need to use the specific term “necessity” in its findings. *In re Laying Out and Opening a Private Road*, 405 Pa. Super. 298, 304, 592 A.2d 343, 346 (1991). A board’s finding that a parcel was landlocked is sufficient to satisfy the necessity requirement of §2731. *Id.* The trial court may not determine whether, in fact, a necessity has been proved because that is a matter for the board of viewers. *Lobdell v. Leichtenberger*, 442 Pa. Super. 21, 658 A.2d 399 (1995).

The attached map shows a line drawn in yellow marker depicting the location of the road as stated in Paragraph 16 of the Report. Neither the Report or the map states the length of the proposed road. Paragraph 16 of the Report merely describes the general course of the road using directional terms such as “southwestwardly,” “southwardly” and “westwardly.” Such references will not allow a surveyor to accurately lay out the proposed road. Even when we read paragraph 16 in conjunction with the attached map, the description is without courses and distances which are required so that the road can be opened/constructed with certainty as to the location. The description without courses and distances violates the dictates of 36 P.S. §1831 and therefore prevents this Court from confirming the Report.

We note that Mr. Molder’s letter of May 14, 2009, directed the petitioners to submit a plot plan prior to the hearing, giving the other parties the right to submit their own engineering and appraisal reports. Our belief is that a plot plan should contain a course and distance description. We are at a loss as to why one was not attached to the Board’s Report.

The Defendants' exception related to the breadth of the road is subsumed in our previous discussion. We expect that a plot plan with metes and bounds (or courses and distances) will establish the breadth of the road. Further, the board of view may recommend a width for the road, but the trial court decides what width the road will be after it confirms the report. A private road may not exceed 25 feet in any case. *See* 36 P.S. §§1831 and 1901.

Finally, we note that the Board found "there is an occasion for the need of a private road" from Plaintiffs' property in paragraph 12 of the Report. This language nearly duplicates the language of 36 P.S. §1785 that explains it is the duty of a board of view to determine whether a private road is necessary. Reviewing the map attached to the Report, it is clear Plaintiffs' property is landlocked. By reading the map and Report together, this Court finds the Board justified their finding of necessity by showing Plaintiffs' property is landlocked. The Board does not need to use any "magic words" to justify its findings. Therefore we deny the remainder of Defendants' third exception.

Defendants' sixth exception to the Report regarding the signatures on the report is sustained. When several people are charged to perform a road view, all viewers must take part in the view but a majority need only concur in the report. *Chad's Ford Turnpike*, 5 Binn. 481 (Pa. 1813); *Pike Township Road*, 30 Pa. Super. 644 (1906). The report of a board of view must be signed by a majority of the board. *In re Road in Verona Borough and Penn Township*, 12 A. 456 (Pa. 1888); *Greenwood Township Road*, 27 Pa. Super. 549 (1905). The signing of the report is a ministerial act, and the report is not defective if the board members do not sign at the same time. *Turner v. Richards*, 34 Pa. Super. 624 (1907).

The Report in this case is signed only by Steven B. Molder, Esq., Chairman of the Board of View. Paragraph 10 states there were three members on the Board. The Report also does not state whether there was unanimous consent among the Board members or if it was a majority decision. The Report is defective because it lacks the minimum two signatures necessary for the confirmation. This exception is therefore sustained.

C. Report Remanded for Correction

This Court remands the Report to the Board to remedy the deficiencies discussed in Section B part of this order. As a general rule, when a trial court reviews the board's decision of necessity, the court may confirm the report or reject it and direct a review by a different board of view. *In re Private Road in East Rockhill Township*, *supra*; *In re Laying Out and Opening a Private Road*, *supra* at 304, 592 A.2d at 346. However, the Pennsylvania Supreme Court has held a report may be recommitted to the original viewers for correction and amendment in matters both of form and of substance at any time before final confirmation. *Pott's Appeal*, 15 Pa. 414

(1851). According to the Supreme Court, “[i]t is settled that a report may be sent back to the viewers to note the improvements, or to correct errors or omissions.” *In re Road in Hempfield Township*, 16 A. 738, 739 (Pa. 1888).

The Report clearly establishes a private road is necessary for Plaintiffs’ property. The Report provides support for the Board’s proposed route for the road over Defendants’ land as opposed to routes over different parcels of land. There is no evidence the Board abused its discretion or proceeded in violation of any procedural requirements set by statute. The sustained exceptions only regard technical defects in the Report.

Because the defects in the Report are technical, it is entirely reasonable to remand the Report to the Board for correction. The Superior Court remanded a report to a board of view to allow the petitioners to conduct an engineering survey and further directed the board to attach the petitioner’s survey to the report as long as it set forth the metes and bounds of the proposed road, satisfying the courses and distances requirement of §2731. *See Private Road, Cogan Township*, supra, 684 A.2d at 241. We will follow *Cogan* and refer the Report back to the Board of View so the Plaintiffs may conduct a survey of the Board’s proposed road and produce a formal plot plan of the proposed road. The Board shall obtain and/or attach a copy of the plot plan from Plaintiffs’ survey to a corrected report, which will provide a metes and bounds description of the proposed road and state the length of the road. The Report must also contain signatures of the viewers who agree with the findings contained therein.

Caption: Alice Hopkins, Individually and in her capacity as Administratrix of the Estate of Doyle Hopkins v. Jamison, M.D., Harris, M.D., Emergency Physicians Medical Group, P.C., Easton Hospital and Northampton Hospital Corporation

Term No.: 2010-3861

Keywords: Preliminary Objections; Timeliness

Date of Order: December 7, 2010

Judge: Emil Giordano, J.

Description of Decision:

The Court held that Physicians Preliminary Objections were untimely as they were not submitted within 20 days as required pursuant to Pa.R.C.P. 1026(a). Even though this statute has been read to be permissive rather than mandatory, the Court found Defendants unable to demonstrate just cause for the delay. Furthermore, allowing the PO's filed over 20 days late, would unfairly prejudice Plaintiffs.

Term No.: 2006-2429

Keywords: Judgment on the Pleadings; Duty of Fair Representation; Indispensable Party; Jurisdiction

Attorney(s): Donald P. Russo, Esquire for Plaintiffs
Michael R. Kopac II, Esquire for Defendant

Date of Order: December 8, 2010

Judge: Emil Giordano, J.

Description of Decision:

The Court granted Firefighters Union's Motion for Judgment on the Pleadings and ruled against Plaintiffs, dismissing their claims with prejudice. The Court held that without previously joined Defendant, City of Easton, the Court would be unable to fashion any appropriate relief and therefore Plaintiffs could not prevail. Furthermore the Court held that regardless of the presence of Defendant, City of Easton, Plaintiffs were unable to plead sufficient facts to hold Union liable for breach of the duty of fair representation.

Attorney(s): Jon A. Swartz, Esquire for Plaintiffs
Brian H. Smith, Esquire for Defendants

Date of Order: December 27, 2010

Judge: Emil Giordano, J.

Description of Decision:

The Court dismissed Defendant's Preliminary Objections finding that Plaintiff adequately pled facts to assert counts in Trespass and Unjust Enrichment. Furthermore, the Court held that Plaintiffs joined all necessary parties, more specifically that Plaintiff's previous and subsequent tenants were not indispensable parties.

Keywords: Land Use; Zoning Ordinance; Zoning Appeal; Variance

Attorney(s): Emil William Kantra, Esquire for Plaintiff
Lawrence B. Fox, Esquire for Defendant
Leo Vincent DeVito, Jr., Esquire for Intervenor Township of Bethlehem

Date of Order: April 16, 2010

Judge: Michael J. Koury, Jr., J.

Description of Decision:

Plaintiff, The Atul K. Amin Family Limited Partnership, II, (“Amin”) appealed from the land use decision of the Bethlehem Township Zoning Hearing Board (“Zoning Board”).

Amin owned property at 4401 William Penn Highway in Bethlehem, Pennsylvania. On June 9, 2009, Amin requested a “Preliminary Opinion” from a Zoning Board officer, seeking an opinion as to whether Amin’s proposed use of its William Penn Highway property accorded with local zoning ordinances. A Zoning Board officer issued an opinion, informing Amin that at least some of the proposed uses would violate the local zoning ordinances.

Amin applied for an appeal before the Zoning Board, requesting variances to and interpretation of the zoning ordinances. Before the appeal hearing, Amin withdrew his request for variances. The Zoning Board thus rendered a decision and opinion based only on Amin’s request for interpretation of the zoning ordinances.

On appeal to the Northampton County Court of Common Pleas, this Court, by the Honorable Michael J. Koury, Jr., determined that the Zoning Board lacked jurisdiction or authority to render a decision on Amin’s appeal once Amin withdrew his requests for variances. Because the Zoning Board lacked jurisdiction, this Court also lacked jurisdiction to hear Amin’s appeal of the Zoning Board’s decision. The Court thus dismissed Amin’s appeal.

Attorney(s): Mildred A. Molino, Esquire for Plaintiff
Connie J. Merwine, Esquire for Defendant

Date of Order: February 14, 2011

Judge: Leonard N. Zito

Description of Decision:

At issue was whether Northampton County or Monroe County was the proper venue for the parties’ divorce proceeding. The Defendant filed his complaint in Monroe County on November 16, 2010, and the Plaintiff filed her complaint in Northampton County on November 17, 2010. The Court discounted the fact that the Defendant filed his complaint first, and that the Plaintiff had subsequently obtained a PFA and alimony *pendente lite* in Northampton County. The remaining factors were roughly equivalent

in terms of convenience and number of significant contacts, and the Court resolved this deadlock in favor of the county of the parties' last family domicile, Monroe County. The Court therefore granted the Defendants's motion to strike.

Term No.: CV-2010-10426
Keywords: DUI; Preliminary Objections; Demurrer; Legal Sufficiency; Amended Pleading; Automobile Accident; Punitive Damages
Attorney(s): Richard T. Kupersmith, Esquire for Plaintiff
Jody A. Mooney, Esquire for Defendant
Date of Order: February 10, 2011
Judge: Leonard N. Zito
Description of Decision:

The Plaintiff filed a claim against the Defendant after a motor vehicle accident on December 24, 2008, at the intersection of Rte. 33 and William Penn Highway. The Plaintiff asserted a claim for punitive damages in Count II of his Amended Complaint, and the Defendant filed preliminary objections in the nature of a demurrer. The Court sustained the demurrer because, although the Amended Complaint did aver that the Defendant was DUI at the time of the accident, it did not include enough additional factual averments to meet the standard for a punitive damages claim set forth by the Pennsylvania Superior Court in *Focht v. Rabada*, 268 A.2d 157 (Pa. Super. 1970). In particular, the Court could not consider the police report attached to the Amended Complaint in ruling on the demurrer. However, the Court did grant the Plaintiff leave to file an amended complaint to address this pleading deficiency.

Term No.: CV-2010-8759
Keywords: Demurrer; Preliminary Objections; Unsigned Credit Card Application; Monthly Credit Card Statements; Breach of Contract; Legal Sufficiency
Attorney(s): Benjamin J. Cavallaro, Esquire for Plaintiff
Christopher T. Spadoni, Esquire for Defendant
Date of Order: February 9, 2008
Judge: Honorable Leonard N. Zito
Description of Decision:

The Plaintiff initiated a complaint to recover the unpaid balance on a credit card it issued to the Defendant. The Defendant filed an initial round of preliminary objections, and the Plaintiff responded with an amended complaint. The Defendant filed a second round of preliminary objections, challenging the amended complaint on two grounds: (1) legal insufficiency, due to the absence of a signed credit card application; and (2) failure to include monthly statements regarding the Defendant's account. The Court overruled these objections. With respect to the first objection, the attached written agreement expressly provided that use of the credit card constituted assent to its terms. The attached monthly credit card statements including the Defendant's name, address, account number, account type, account balance, interest rate and statement date established that the Defendant entered into a legally enforceable contract. The Court overruled the second objection for this same reason.

Term No. CV-2009-3319
Keywords: Summary Judgment; Failure to Name a Real Party in Interest; Vicarious Liability; Negligent Entrustment; Automobile Accident; Master-Servant Relationship
Attorney(s): Beth A. Knickerbocker, Esquire for Plaintiff
Jay L. Edelstein, Esquire for Defendant
Date of Order: February 1, 2011
Judge: Leonard N. Zito
Description of Decision:

The Court granted summary judgement in favor of the Defendant after the Plaintiff City of Easton, initiated a cause of action for negligence after an automobile accident on April 8, 2007 damaged a marked police patrol car. At the time of the accident, the Defendant's boyfriend, Mr. Morris, was driving her vehicle with her permission. The Court granted summary judgment because there was no evidence that the Defendant and Mr. Morris had the requisite "master-servant" relationship for a negligence claim based upon vicarious liability in the context of an automobile accident. In addition, there was no evidence of negligent entrustment because the Defendant had no reason to believe Mr. Morris was likely to operate her vehicle in an unreasonable manner.
